

South Troy Brownfields Pilot Program Community Meeting

On Wed, April 23 the City of Troy will host a Community Meeting for the South Troy Brownfields Pilot Program at the Polish American Club.

This meeting is an opportunity for the public to provide feedback on the sites the City has selected for environmental testing under this USEPA program.

The City will present the three sites and provide information about the environmental testing techniques that will be used.

**This meeting is open to the public.
All are welcome.**

For more information contact
Fred Ring in the City's
Department of Public Works.
